SX-R Billet Hood Hooks

\$97.50

Introducing our Billet Front Hood Hooks for the SX-R 800. A direct replacement for the weak O.E.M. hood hooks that bend and commonly fail, our hood hooks are manufactured from 6061 billet aluminum. We eliminated all stress risers to ensure our hooks will stand up to the most extreme riding conditions eliminating the chance of a failure that can lead to the hood coming loose.
