Kawasaki Ultra Water Routing Kit

\$179.95

Introducing the most complete water routing kit for the Kawasaki Ultra 250X/260X. No drilling into your brittle stock components is necessary with our kit, as we machined a billet aluminum water manifold with a total of four ports to have many cooling options for the intercooler and oil cooler. Our kit is complete with everything you need to drastically reduce the operating temperature and intake charge delivered into your engine for a boost in both performance and reliability.
